

Irish National Transfer Document Residential Facilities for Older Person Reference Set

Term	Preferred Term	Concept Id
Oxygen therapy (procedure)	Oxygen therapy	57485005
Denture, device (physical object)	Dentures	8060009
Allergy to food (finding)	Food allergy	414285001
Glucometer blood sugar (procedure)	Glucometer blood glucose	166900001
Viral hepatitis type C (disorder)	Hepatitis C	50711007
Denture present (finding)	False teeth present	278615005
Requires assistive technology to support health literacy (finding)	Requires assistive technology to support health literacy	1254715001
Problem situation (finding)	Problem situation	276099005
Blood borne transmission (qualifier value)	Blood borne transmission	420014008
Ambulating with assistance of one person (procedure)	Ambulating with assistance of one person	707739007
Human immunodeficiency virus detected (finding)	HIV detected	165816005
Carbapenemase-producing Enterobacteriaceae (organism)	CPE - Carbapenemase-producing Enterobacteriaceae	734351004
Night time (qualifier value)	Night time	2546009
On special diet (finding)	On special diet	449360002
Consent status (finding)	Consent status	309370004
Incontinence of feces (finding)	Incontinence of faeces	72042002
Does use spectacles (finding)	Uses spectacles	285043008
Body weight (observable entity)	Body weight	27113001
Disease caused by severe acute respiratory syndrome coronavirus 2 (disorder)	COVID-19	840539006
Contact lenses, device (physical object)	Contact lenses	57368009
Asian - ethnic group (ethnic group)	Asian - ethnic group	315280000
Awakening (qualifier value)	Awakening	421355008
Air-filled bed mattress overlay (physical object)	Air mattress	468747008
Abnormal vision (finding)	Abnormal vision	7973008
Size (attribute)	Size	246115007
History of clinical finding in subject (situation)	PMH - past medical history	417662000
Location of wound (observable entity)	Location of wound	1371000124108
International Dysphagia Diet Standardisation Initiative Framework - Soft and Bite Sized Level 6 (qualifier value)	Level 6 - soft and bite sized	1237449007

International Dysphagia Diet Standardisation Initiative Framework - Minced and Moist Level 5 (qualifier value)	Level 5 - minced and moist diet	1237448004
Intact skin (finding)	Intact skin	444884003
Coping support (regime/therapy)	Coping support	385722003
Nurse manager (occupation)	Nurse manager	309446002
Long-term oxygen therapy (procedure)	Ltot - long-term oxygen therapy	243137006
Wheeled walker (physical object)	Rollator	1255320005
Sleep behavior (observable entity)	Sleep pattern	404950004
Garment (physical object)	Clothing	272180002
Respiratory rate (observable entity)	Respiratory rate	86290005
Hemoglobin saturation with oxygen (observable entity)	Blood oxygen saturation	103228002
International Dysphagia Diet Standardisation Initiative Framework - Slightly Thick Level 1 (qualifier value)	Level 1 - slightly thin	1237441005
Supervision (regime/therapy)	Supervision	225313009
Patient lifting system (physical object)	Full hoist	706112002
Normal bowel habits (finding)	Normal bowel habits	55019002
Incontinent (qualifier value)	Incontinent	261088008
Seen by general practitioner (finding)	Seen by general practitioner	185278000
Wheelchair user (finding)	Wheelchair user	124871000220103
Referred by care home (finding)	Referred by care home	719023008
Eye glasses, device (physical object)	Eyeglasses	50121007
Muslim, follower of religion (person)	Muslim, follower of religion	309884000
Professional nurse (occupation)	Professional nurse	106292003
Pressure injury stage I (disorder)	Pressure injury stage I	1163217004
Electronic cigarette user (finding)	Electronic cigarette user	722499006
Mobility (observable entity)	Mobility	363803005
Temperature (observable entity)	Temperature	703421000
Healthcare associated infectious disease (disorder)	Healthcare associated infection	408678008
Gender identity (observable entity)	Gender identity	33821000087103
Pulse regular (finding)	Pulse regular	271636001
Referred by doctor (finding)	Referred by physician	309014007
Patient address (observable entity)	Patient address	184097001
Intolerance, function (observable entity)	Intolerance	29544009

Ambulating with assistance of two people (procedure)	Ambulating with assistance of two people	707740009
Name (observable entity)	Name	703503000
General support staff service (qualifier value)	General support staff	1131000220105
Urethral catheter, device (physical object)	Urethral catheter	34759008
Time since previous micturition (observable entity)	Last past urine	251411003
Dual pressure spontaneous ventilation support (regime/therapy)	BIPAP - Biphasic pressure airway support	243142003
Smoker (finding)	Smoker	77176002
Presbyterian, follower of religion (person)	Presbyterian, follower of religion	160560002
Uses single walking stick (finding)	Uses single walking stick	443320005
International Dysphagia Diet Standardisation Initiative Framework - Liquidized Level 3 (qualifier value)	Level 3 - liquidised	1237445001
Provision of medication list (procedure)	Provision of medication list	713114000
Patient preferred name (observable entity)	Patient preferred name	408676007
Malnutrition universal screening tool score (observable entity)	Malnutrition universal screening tool score	444297006
Vital signs finding (finding)	Vital signs finding	118227000
Drinks (substance)	Drinks	226465004
Uses two walking sticks (finding)	Uses two walking sticks	443699005
Private health insurance held (finding)	Private health insurance held	185952002
Nasogastric tube, device (physical object)	Nasogastric tube	17102003
Weight loss (finding)	Weight loss	89362005
Intolerance to food (finding)	Intolerance to food	235719002
Does use hearing aid (finding)	Uses hearing aid	285055002
Intolerance to drug (finding)	Intolerance to drug	59037007
Stoma (morphologic abnormality)	Stoma	245857005
Date of birth (observable entity)	DOB - Date of birth	184099003
Bowel action (observable entity)	Bowel movements	39211005
Safeguarding concern (finding)	Safeguarding concern	1010196001
International Dysphagia Diet Standardisation Initiative Framework - Mildly Thick Level 2 (qualifier value)	Level 2 - mildly thick	1237442003
Current drinker of alcohol (finding)	Drinks alcohol	219006
Recommendation - action (qualifier value)	Recommendation - action	424900004

Comfort measures (regime/therapy)	Comfort measures	133918004
Communication board (physical object)	Communication board	717314007
Bedtime (qualifier value)	Bedtime	21029003
Before sleeping (qualifier value)	Before sleeping	307155000
Glasgow coma scale (assessment scale)	Glasgow coma scale	386554004
Integrity of skin (observable entity)	Integrity of skin	364535009
Family medicine specialist (occupation)	GP - General practitioner	62247001
Pressure injury stage IV (disorder)	Pressure injury stage IV	1163224003
Waterlow Scale (assessment scale)	Waterlow Scale	278897004
Continent of urine (finding)	Continent of urine	45850009
Allergic disposition (finding)	Allergy	609328004
Does mobilize using aids (finding)	Mobile independent with aid	301572006
Toileting regime (regime/therapy)	Toileting regime	225367003
Allergy to drug (finding)	Medication allergy	416098002
Paramedic (occupation)	Paramedic	397897005
Out of hours contact details (observable entity)	Out of hours contact details	406534001
Food (substance)	Food	255620007
Prescription of drug (procedure)	Medication prescription	33633005
Adverse reaction caused by drug (disorder)	Adverse drug reaction	62014003
Infection caused by Norovirus (disorder)	Norovirus infection	721763002
Non-invasive ventilation (regime/therapy)	NIV - non-invasive ventilation	428311008
Date (attribute)	Date	410671006
Alert voice pain unresponsive scale (assessment scale)	AVPU - alert voice pain unresponsive scale	449159002
Frailty Index score (observable entity)	Frailty Index score	713636003
Characteristic of pain (observable entity)	Characteristic of pain	364625007
Heart rate measured at systemic artery (observable entity)	Pulse rate	78564009
Urinary catheter in situ (finding)	Urinary catheter in situ	439053001
Vancomycin resistant Enterococcus (organism)	VRE- Vancomycin resistant Enterococcus	113727004
History of surgery (situation)	History of surgery	161615003
Inlays, crowns and bridges (physical object)	Inlays, crowns and bridges	272286001

Percutaneous endoscopic gastrostomy feeding (regime/therapy)	Percutaneous endoscopic gastrostomy feeding	225373002
Use of supportive positioning (procedure)	Use of supportive positioning	710961002
Anaphylaxis (disorder)	Anaphylaxis	39579001
Braden Scale score (observable entity)	Braden Scale score	443428004
Containment product (physical object)	Containment product	125271000220103
First language (observable entity)	First language	224076006
Blood pressure (observable entity)	Blood pressure	75367002
Urinary incontinence (finding)	Urinary incontinence	165232002
At increased risk of choking (finding)	At increased risk of choking	225930002
At risk context (qualifier value)	At risk	410519009
Fluid restriction (procedure)	Fluid restriction	25389001
Has end of life care plan (finding)	Has end of life care plan	713673000
Mental state (observable entity)	Mental state	363871006
Infection screening (procedure)	Infection screening	243790003
Continent (qualifier value)	Continent	261001000
Emotional upset (finding)	Emotional upset	309838005
Interpreter needed (finding)	Interpreter needed	315594003
End of life care plan (record artifact)	End of life care plan	736373009
Expression of emotions (observable entity)	Expression of emotions	247791000
Pressure injury stage II (disorder)	Pressure injury stage II	1163220007
International Dysphagia Diet Standardisation Initiative Framework - Thin Level 0 (qualifier value)	Level 0 - thin	1231508001
Prescription of enteral nutrition feeding (procedure)	Prescription of enteral nutrition feeding	1217195001
Suprapubic catheter (physical object)	Suprapubic catheter	286861005
Alternating-pressure chair cushion system (physical object)	Alternating-pressure chair cushion system	469877004
Methicillin resistant Staphylococcus aureus infection (disorder)	MRSA (Methicillin resistant Staphylococcus aureus) infection	266096002
Referred by nurse (finding)	Referred by nurse	185362004
Position call light near subject (procedure)	Position call light near subject	441428007
Stand-up mobile patient lifting system, electric (physical object)	Standing hoist	464785002
No safeguarding concern identified (situation)	No safeguarding concern identified	1010194003

Nutrition, function (observable entity)	Nutrition	384759009
Bifocal glasses (physical object)	Bifocal glasses	397285001
Wound dressing type (observable entity)	Wound dressing type	1581000124103
Independent (qualifier value)	Independent	371153006
Multidrug-resistant bacteria (organism)	Multidrug-resistant bacteria	713351000
Contact person (person)	Contact person	70862002
Pressure relief equipment (physical object)	Pressure relief equipment	360302009
Influenza (disorder)	Flu	6142004
Difficulty in coping in new situations (finding)	Difficulty in coping in new situations	1144750001
Ethnic group finding (finding)	Ethnicity	397731000
Ability to comprehend (observable entity)	Ability to comprehend	395659009
International Dysphagia Diet Standardisation Initiative Framework - Easy to Chew Level 7 (qualifier value)	Level 7 - easy to chew	1237450007
day (qualifier value)	day	258703001
Religious affiliation (observable entity)	Religious affiliation	160538000
Weight gain (finding)	Weight gain	8943002
Pressure injury stage III (disorder)	Pressure injury stage III	1163222004
Has advance care plan (finding)	Has advance care plan	714748000
Summary report (record artifact)	Summary report	371534008
Finding of pulse rhythm (finding)	Finding of pulse rhythm	301149000
Verbal communication interventions (regime/therapy)	Verbal communication interventions	225219005
Nursing assistance required (finding)	Nursing assistance required	426031007
Evaluation procedure (procedure)	Assessment	386053000
Protestant, follower of religion (person)	Protestant, follower of religion	309885004
Delirium (disorder)	Delirium	2776000
Roman Catholic, follower of religion (person)	Roman Catholic, follower of religion	160540005
Barthel index (assessment scale)	Barthel index	273302005
At increased risk for falls (finding)	At increased risk for falls	129839007
Clostridium difficile toxin A detected (finding)	Clostridium difficile toxin A detected	310541005
Viral hepatitis type B (disorder)	Hepatitis B	66071002
Jejunostomy tube, device (physical object)	Jejunostomy tube	126065006
Telephone number (property) (qualifier value)	Telephone number (property)	734005006

Yes (qualifier value)	Yes	373066001
Hearing, function (observable entity)	Hearing	47078008
Normal micturition (finding)	Normal urination	102834005
Pulse irregular (finding)	Pulse irregular	61086009
Black African (ethnic group)	Black African	18167009
Caucasian (ethnic group)	Caucasian	14045001
Bed-ridden (finding)	Bedbound	160685001
International Dysphagia Diet Standardisation Initiative Framework - Pureed Level 4 food (regime/therapy)	Level 4 - pureed	1255825005
Norton Scale score (observable entity)	Norton Scale score	443133008
