

Antimicrobial Stewardship Performance Indicator Measurement System (APIMS) Data Set for Ireland		
Term	Preferred Term	Concept Id
Product containing only trimethoprim (medicinal product)	Trimethoprim	777858001
Orchitis and epididymitis (disorder)	Orchitis and epididymitis	197983000
Product containing only delafloxacin (medicinal product)	Delafloxacin	775469009
Product containing only ethionamide (medicinal product)	Ethionamide only product	775873001
Product containing only griseofulvin (medicinal product)	Griseofulvin only product	776151002
Fungal respiratory infection (disorder)	Fungal respiratory infection	312149008
Product containing only ceftolozane and tazobactam (medicinal product)	Ceftolozane and tazobactam only product	775119009
Product containing only phenoxymethylpenicillin (medicinal product)	Phenoxymethylpenicillin	777175009
Upper urinary tract infection (disorder)	Upper urinary tract infection	422747000
Product containing only amphotericin B (medicinal product)	Amphotericin B only product	773378000
Product containing only ampicillin and sulbactam (medicinal product)	Ampicillin and sulbactam only product	774593008
Meningococcaemia (finding)	Meningococcaemia	4089001
Infectious pancreatitis (disorder)	Infectious pancreatitis	39205007
Product containing only azithromycin (medicinal product)	Azithromycin	774722005
Lower respiratory tract infection (disorder)	Lower respiratory tract	50417007
Product containing only cefalexin (medicinal product)	Cefalexin	775088005
Product containing only chloramphenicol (medicinal product)	Chloramphenicol only product	775160002
Product containing only dalbavancin (medicinal product)	Dalbavancin only product	775437000
Gas gangrene (disorder)	Gas gangrene	80466000
Local infection of wound (disorder)	Wound infection	76844004
Product containing only teicoplanin (medicinal product)	Teicoplanin only product	777691008
Infection of gastrointestinal tract (disorder)	Gastrointestinal infection	715852004
Urinary tract infection in pregnancy (disorder)	Urinary tract infection in pregnancy	307534009
Tuberculosis (disorder)	TB - Tuberculosis	56717001
Product containing only ceftazidime (medicinal product)	Ceftazidime only product	775115003
Product containing only demeclocycline (medicinal product)	Demeclocycline only product	775476004
Community acquired pneumonia (disorder)	Community acquired pneumonia	385093006

Infection of bone associated with bone fixation device (disorder)	Infection of bone associated with bone fixation device	240272004
Product containing only itraconazole (medicinal product)	Itraconazole	776432001
Product containing only cefradine (medicinal product)	Cefradine only product	775112000
Product containing only voriconazole (medicinal product)	Voriconazole	777944004
Pyelonephritis (disorder)	Pyelonephritis	45816000
Pyelonephritis in pregnancy (disorder)	Pyelonephritis in pregnancy	16271000119108
Product containing only benzylpenicillin (medicinal product)	Benzylpenicillin only product	774826003
Aspiration pneumonia (disorder)	Aspiration pneumonia	422588002
Vascular graft infection (disorder)	Vascular graft infection	234195006
Bacterial sepsis of newborn (disorder)	Neonatal sepsis	276669000
Infectious disorder of joint (disorder)	Joint infection	363162000
Peritonsillar abscess (disorder)	Peritonsillar abscess	15033003
Product containing only tobramycin (medicinal product)	Tobramycin only product	777791002
Product containing only neomycin (medicinal product)	Neomycin only product	776885003
Preterm premature rupture of membranes (disorder)	Preterm premature rupture of membranes	312974005
Primary bacterial peritonitis (disorder)	Spontaneous bacterial peritonitis	11836002
Sepsis (disorder)	Systemic infection	91302008
Salmonella infection (disorder)	Salmonellosis	302231008
Administration of prophylactic antibiotic (procedure)	Administration of prophylactic antibiotic	422181004
Product containing only amoxicillin and clavulanic acid (medicinal product)	Amoxicillin and clavulanic acid only product	774587000
Product containing only miconazole (medicinal product)	Miconazole only product	776782005
Product containing only ethambutol and isoniazid (medicinal product)	Ethambutol and isoniazid only product	775856003
Mycosis (disorder)	Fungal infection	3218000
Nosocomial pneumonia (disorder)	Hospital acquired pneumonia	425464007
Appendicitis (disorder)	Appendicitis	74400008
Acute necrotizing pancreatitis (disorder)	Necrotising pancreatitis	7881005
Product containing only doxycycline (medicinal product)	Doxycycline	775698003
Hospital acquired (qualifier value)	Hospital acquired	277056009
Infection of bloodstream (disorder)	Infection of bloodstream	431193003
Endometritis (disorder)	Endometritis	78623009
Product containing only isoniazid and pyrazinamide and rifampicin (medicinal product)	Isoniazid + pyrazinamide + rifampicin	776413007
Viral infection of central nervous system (disorder)	Viral infection of central nervous system	302810003
Conjunctivitis (disorder)	Conjunctivitis	9826008

Product containing only cefepime (medicinal product)	Cefepime only product	775095001
Candidiasis of vagina (disorder)	Vaginal candidiasis	72934000
Product containing only levofloxacin (medicinal product)	Levofloxacin	776517005
Bronchitis (disorder)	Bronchitis	32398004
Osteomyelitis (disorder)	Osteomyelitis	60168000
Obstetrics (qualifier value)	Obstetrics	408470005
Product containing only ceftaroline (medicinal product)	Ceftaroline only product	775114004
Product containing only vancomycin (medicinal product)	Vancomycin	777914002
Product containing only mecillinam (medicinal product)	Mecillinam only product	776645006
Male genital infection (disorder)	Male genital infection	312195001
Product containing only fluconazole (medicinal product)	Fluconazole	775980000
Product containing only fusidic acid (medicinal product)	Fusidic acid	776058006
Product containing only cefazolin (medicinal product)	Cefazolin only product	775092003
Nasal infection (disorder)	Nasal infection	275496003
Meningitis (disorder)	Meningitis	7180009
Inflammation of stomach and intestine (disorder)	Gastroenteritis	25374005
Cellulitis of periorbital region (disorder)	Periorbital cellulitis	109245003
Product containing only minocycline (medicinal product)	Minocycline	776800005
Infection caused by Pneumocystis jirovecii (disorder)	Infection by Pneumocystis jirovecii	75549005
Product containing only ceftriaxone (medicinal product)	Ceftriaxone only product	775120003
Product containing only dapsone (medicinal product)	Dapsone only product	775449004
Female pelvic inflammatory disease (disorder)	Female pelvic inflammatory disease	198130006
Product containing only meropenem (medicinal product)	Meropenem only product	776694006
Bronchiectasis (disorder)	Bronchiectasis	12295008
Infection associated with device (disorder)	Infection associated with device	473047000
Aspergillosis (disorder)	Aspergillosis	65553006
Infection caused by Helicobacter pylori (disorder)	Infection caused by Helicobacter pylori	721730009
Product containing only ertapenem (medicinal product)	Ertapenem only product	775820001
Malaria (disorder)	Malaria	61462000
Product containing only terbinafine (medicinal product)	Terbinafine	777710002
Product containing only cefotaxime (medicinal product)	Cefotaxime only product	775103002

Lower urinary tract infectious disease (disorder)	Lower urinary tract infectious disease	4009004
Product containing only meropenem and vaborbactam (medicinal product)	Meropenem and vaborbactam only product	776695007
Abdominal abscess (disorder)	Abdominal abscess	75100008
Candidiasis (disorder)	Candidiasis	78048006
Oral infection (disorder)	Oral infection	275393007
Product containing only ethambutol (medicinal product)	Ethambutol only product	775855004
Maternal perinatal infection (disorder)	Maternal perinatal infection	1179398000
Product containing only fosfomycin (medicinal product)	Fosfomycin only product	776041001
Product containing only cefixime (medicinal product)	Cefixime	775097009
Encephalitis caused by Herpesvirus (disorder)	Encephalitis caused by Herpesvirus	428638009
Product containing only ganciclovir (medicinal product)	Ganciclovir only product	776081008
Candidiasis of the esophagus (disorder)	Candidiasis of the oesophagus	20639004
Prosthetic joint infection (disorder)	Prosthetic joint infection	213121005
Long-term current use of antibiotics for prevention of recurrent infection (situation)	Long-term current use of antibiotics for prevention of recurrent infection	11012701000119107
Product containing only remdesivir (medicinal product)	Remdesivir only product	870519002
Product containing only avibactam and ceftazidime (medicinal product)	Avibactam and ceftazidime only product	781300005
Product containing only posaconazole (medicinal product)	Posaconazole	777263006
Perinatal infection of fetus and/or neonate (disorder)	Perinatal infection of fetus and/or neonate	1179410005
Streptococcus pyogenes infection (disorder)	Streptococcus pyogenes infection	302809008
Product containing only cefaclor (medicinal product)	Cefaclor	775086009
Ventilator-acquired pneumonia (disorder)	Ventilator associated pneumonia	429271009
Product containing only amoxicillin (medicinal product)	Amoxicillin	774586009
Product containing only ciprofloxacin (medicinal product)	Ciprofloxacin	775261009
Product containing only sulfamethoxazole and trimethoprim (medicinal product)	Trimethoprim + sulfamethoxazole	777642002
Chlamydial infection (disorder)	Chlamydial infection	105629000
Unknown (qualifier value)	Unknown	261665006
Human bite - wound (disorder)	Human bite - wound	262555007
Community acquired (qualifier value)	Community acquired	277057000
Product containing only cefuroxime (medicinal product)	Cefuroxime	775121004

Product containing only sulfadiazine (medicinal product)	Sulfadiazine only product	777532008
Epiglottitis (disorder)	Epiglottitis	80384002
Inflammatory disorder of breast (disorder)	Mastitis	266579006
Product containing only metronidazole (medicinal product)	Metronidazole	776774005
Product containing only isoniazid (medicinal product)	Isoniazid only product	776412002
Nursing home (environment)	Nursing home	42665001
Infection following procedure (disorder)	Postprocedural infection	12246311000119109
Animal bite wound (disorder)	Animal bite wound	399907009
Product containing only anidulafungin (medicinal product)	Anidulafungin only product	774610001
Product containing only lymecycline (medicinal product)	Lymecycline	776593005
Cholangitis (disorder)	Cholangitis	82403002
Product containing only valaciclovir (medicinal product)	Valaciclovir	777906008
Product containing only rifabutin (medicinal product)	Rifabutin	777437004
Product containing only rifampicin (medicinal product)	Rifampicin	777438009
Product containing only daptomycin (medicinal product)	Daptomycin only product	775451000
Onychomycosis (disorder)	Fungal infection of nail	414941008
Tonsillitis (disorder)	Tonsillitis	90176007
Product containing only valganciclovir (medicinal product)	Valganciclovir	777909001
Sexually transmitted infectious disease (disorder)	Sexually transmitted infectious disease	8098009
Product containing only temocillin (medicinal product)	Temocillin only product	777700006
Product containing only fidaxomicin (medicinal product)	Fidaxomicin	775961002
Product containing only famciclovir (medicinal product)	Famciclovir	775918000
Cystitis (disorder)	Cystitis	38822007
Infection of catheter exit site (disorder)	Infection of catheter exit site	446340009
Product containing only streptomycin (medicinal product)	Streptomycin only product	777614004
Infection caused by Clostridioides difficile (disorder)	Clostridioides difficile infection	186431008
Product containing only gentamicin (medicinal product)	Gentamicin	776094005
Asymptomatic bacteriuria (finding)	Asymptomatic bacteriuria	720406004
Postoperative infection (disorder)	Postoperative infection	33910007
Female genital infection (disorder)	Female genital infection	312196000
Product containing only tigecycline (medicinal product)	Tigecycline only product	777769009

Product containing only rifaximin (medicinal product)	Rifaximin	777440004
Product containing only erythromycin (medicinal product)	Erythromycin	775822009
Infection of ear (disorder)	Infection of ear	129127001
Long term care hospital (environment)	Long term care hospital	32074000
Product containing only ketoconazole (medicinal product)	Ketoconazole only product	776449008
Infection of bloodstream co-occurrent and due to central venous catheter in situ (disorder)	CLABSI - central line associated bloodstream infection	736152001
Encephalitis (disorder)	Encephalitis	45170000
Chorioamnionitis (disorder)	Chorioamnionitis	11612004
Product containing only pivmecillinam (medicinal product)	Pivmecillinam only product	777227006
Candidiasis of vulva (disorder)	Vulval candidiasis	1085006
Herpes zoster (disorder)	Shingles	4740000
Product containing only piperacillin and tazobactam (medicinal product)	Piperacillin and tazobactam only product	777212006
Eye infection (disorder)	Eye infection	128351009
Infection of foot due to diabetes mellitus (disorder)	Infection of foot due to diabetes mellitus	419100001
Product containing only aciclovir (medicinal product)	Aciclovir	774425008
Candidiasis of mouth (disorder)	Oral candidiasis	79740000
Infection associated with peritoneal dialysis catheter (disorder)	Infection associated with peritoneal dialysis catheter	473069007
Prostatitis (disorder)	Prostatitis	9713002
Hepatoportal sclerosis (disorder)	Hepatoportal sclerosis	718096004
Acute infective exacerbation of chronic obstructive pulmonary disease (disorder)	Acute infective exacerbation of chronic obstructive pulmonary disease	285381006
Acute interstitial pneumonia (disorder)	Acute interstitial pneumonia	236302005
Infectious disease of abdomen (disorder)	Infectious disease of abdomen	128070006
Anogenital candidiasis (disorder)	Anogenital candidiasis	240707005
Product containing only amikacin (medicinal product)	Amikacin only product	774534000
Product containing only flucytosine (medicinal product)	Flucytosine only product	775981001
Pharyngeal candidiasis (disorder)	Pharyngeal candidiasis	240704003
Orbital cellulitis (disorder)	Orbital cellulitis	194005002
Product containing only nystatin (medicinal product)	Nystatin only product	776954006
Herpes labialis (disorder)	Herpes labialis	1475003
Infection associated with indwelling urinary catheter (disorder)	Infection associated with indwelling urinary catheter	473051003
Genital herpes simplex (disorder)	Genital herpes simplex	33839006
Surgical site infection (disorder)	Surgical site infection	433202001
Infectious disease of cardiovascular system (disorder)	Cardiovascular infection	128402005

Necrotizing fasciitis (disorder)	Necrotising fasciitis	52486002
Product containing only aztreonam (medicinal product)	Aztreonam only product	774725007
Product containing only flucloxacillin (medicinal product)	Flucloxacillin	775979003
Product containing only nitrofurantoin (medicinal product)	Nitrofurantoin	776927008
Product containing only cilastatin and imipenem (medicinal product)	Cilastatin and imipenem only product	775245007
Infective laryngitis (disorder)	Infective laryngitis	312423006
Product containing only clindamycin (medicinal product)	Clindamycin	775288004
Disease caused by severe acute respiratory syndrome coronavirus 2 (disorder)	COVID-19	840539006
Gonorrhea (disorder)	Gonorrhoea	15628003
Disseminated candidiasis (disorder)	Invasive candidiasis	70572005
Infection of skin and/or subcutaneous tissue (disorder)	Infection of skin and/or subcutaneous tissue	19824006
Product containing only ampicillin (medicinal product)	Ampicillin only product	774590006
Endocarditis (disorder)	Endocarditis	56819008
Cellulitis (disorder)	Cellulitis	128045006
Neutropenic sepsis (disorder)	Neutropenic sepsis	443980004
Product containing only cefiderocol (medicinal product)	Cefiderocol only product	830205006
Bacterial infection of central nervous system (disorder)	Bacterial infection of central nervous system	128119004
