Complete GP Lab Order

To generate a lab order for a patient, open the patient's chart by selecting the open folder icon on the toolbar. Enter a patient's name or date of birth to retrieve their record.

| l∎ c | omplete | GP (System | Administra | ator) | | | | | | | |
|------|---------|-----------------------------------------------------------|------------|--------------------|--------|----------------|----------------|---------------------|----|----------------|---|

Click the tests required for the lab order. Scroll to the bottom to click Review to preview the order before submission.

On submitting the order a print window appears, print off this page and include with the samples being sent to the lab.
